# Infiltration game to rescue a prisoner of war

Rambo's mission is to rescue a VIP of the American army deeply lost in the Vietnam jungle. He has only a knife and must steal weapons to fight 1300 enemy soldiers. It's a fight game on Megarom. The jungle is a maze-like battlefield. Impossible to get out without a map. A torrent goes through the jungle. The current is very strong. Impossible to cross over without swimming very quickly.
